First Hope Bank Supports American Cancer Society

First Hope Bank and the American Cancer Society have partnered in the fight against cancer. For over 100 years, the American Cancer Society (ACS) has worked relentlessly to save lives and create a world with less cancer. Together with millions of supporters worldwide, they help people stay well and get well, find cures, and fight back against cancer.

First Hope Associates fundraised for this great cause and formed a team, 'Hope for the Future', to walk at the Relay for Life of Greater Hackettstown. A donation from First Hope Bank was presented to the American Cancer Society at the Hackettstown Relay for Life event on Friday, May 20, 2016.

First Hope Bank will continue to spread the awareness of this life changing organization and promote their mission. The values of community and teamwork are engrained in First Hope Bank and we look forward to continuing to make a difference together.
